

The following amendments have been made to the original RFP:

The Arizona Board of Regents received the following questions for RFP 2024003 for Determining Building Replacement Values Services.

1. Does this project have an estimated value or mobilization date?

The RFP is not for a specific building project but a proposal to estimate building replacement values. The timeline for deliverables in the RFP is the deadline for the report.

2. Can ABOR provide a list of the buildings and locations that are to be included within the study?

For the locations, see the table on page 14 of the RFP. The number of buildings is included in the table on page 13 of the RFP. The list of buildings can be found in each university's Building Inventory Report of their Capital Improvement Plan included in the board's
